

The Mercer County Reassessment Project:

Mercer county has teamed up with Tyler Technologies for this project. It is scheduled to begin Monday September 11, 2023. It will begin in West Middlesex Borough First.

FAQ:

WHAT TO EXPECT:

Data collectors will visit all property owners of Mercer County. All Tyler staff members, will wear BRIGHT YELLOW VEST and have PHOTO ID BADGES identifying them as part of the project. They WILL NOT enter your home.

Questions they will ask you at the door: The year the house was built, number of rooms, type of heating/cooling system, basement or attic area finished and physical condition of the interior. They will also take exterior measurements of all building and improvement. Once again: THEY WILL NOT ENTER YOUR HOME.

What if I'm Not Home: Data collectors will attempt to inspect your property during normal business hours M-F. Some may occur over the weekend. If YOU ARE NOT HOME, the Data Collector will complete an exterior inspection including exterior measurements and an estimate of interior data. They will leave a document asking you to provide further information, and instructions on how to return the information back to them.

Where can I learn more about the project? Upcoming Local Informational Meeting: Tuesday, September 12, 2023, 6 p.m., at the Hermitage VFW, 5550 E. State Street, Hermitage, PA

For More Information: Call Paula @ The West Middlesex Borough Office : 724-528-9931. OR Visit the Project Website at <https://empower.tylertech.com/Mercer-County-Pennsylvania.html>
